

Triple Heart Counseling, LLC

Discovering the Purpose of Your Greatness

About US

Triple Heart Counseling believes in helping children and families by providing individualized, nurturing therapeutic services. We are proud to have the privilege to serve both English and Spanish speaking communities.

As a Nurtured Heart Approach Certified Trainer and practitioner, we specialize in working with children and adolescents who have behavioral, emotional and developmental needs. We believe that in order to help many families, an eclectic approach is beneficial. Some of the techniques we use include Positive Behavioral Supports, concepts from Applied Behavioral Analysis, and DIR Floortime. In addition, my work within the NJ Children System of Care(CSOC) for over 10 years, allowed me to learn about the resources within the system that can help many families.
