Preschool Move and Groove for ages 3-6:

Our "Preschool Move & Groove" class is a weekly dance party! We will sing and dance to a variety of music, including classic and modern preschool songs, while exploring educational fundamentals including counting and music theory. Songs will alternate between standing and sitting, and a variety of engaging props will be explored as we dance around the studio! This class is perfect for dancers with lots of energy to wiggle out. We can't wait for you to check out all the creative movement we have in store for you each week! Preschool Move and Groove is a non-recital class. Parents are welcome in the dance room or dancers can participate independently. This class is perfect for those dancers who have aged out of our Dance with Me program but are not yet ready for our independent preschool classes. Children of all abilities are welcome! Class will meet in 8-week fall, 4-week summer and winter and 8-week spring sessions.

We Bop Class for ages 5 and up:

Dancers of all abilities over the age of five are welcome to join us for a weekly workout focused on fitness and fun!

This class is the perfect next level for dancers who have completed our Move & Groove class. We Bop is a non-stop dance party, perfect for anyone who may struggle waiting in line or taking turns in a traditional dance class setting. In

this class, we will explore jazz and hip hop steps and movements set to popular children's music. We will learn how to count music, break down choreography to learn it, then speed it up and add arm movements. In the learning process, each dancer will develop their own personal style. There will be some class time for creative movement with our favorite props including scarves, ribbon wands, shakers, rhythm sticks, tambourines, and more! Dance is the best form of exercise - we hope you join us for a rockin' good time! Class will meet in 8-week fall, 4-week summer and winter and 8-week spring sessions.
