## Financial & Estate Planning Strategies for Families with a Child with Special Needs

*This seminar will be led by our guest speakers, Earl Pedersen & Barry Friedson, CFP, CFA  
Financial Advisors with Allied Wealth Partners Special Needs Division*

*Helping Families Protect the Ones They Love*

The Allied Wealth Partners “Special Needs Division” was established to serve the unique estate planning and financial considerations of families with a child with special needs.

We understand that caring for a family member with special needs can at times seem to leave little time for anything else. That’s why our team of experts works with families to create personalized strategies that help ensure their loved ones get the care they need in the future—not a “one size fits all” strategy, but individualized, customized solutions and strategies that we call “unique strategies for extraordinary people”.
